**Subject:** RE: SW Alaska Partnership - Technical Committee Meeting - January 10, 11, 12

Hi Tim,

I have reconsidered participating in the SW Alaska Partnership. At this time given my work load and the nature of my work I have decided that I will not participate in the Partnership, though I appreciate being invited. I may be able to participate after we complete our analysis to human caused threats to salmon in Bristol Bay watersheds.

I would like to continue to receive information regarding the Partnerships activities and findings, if that is possible. We will incorporate any relevant information into our analysis.

Thanks,  
Phil

All: Our meeting location will be at the conference room at the Alaska Conservation Alliance. We had our December 09 meeting at this location. 810 N St., Corner of 8th and N. Second Floor. Should be plenty of parking. Otherwise you can park at TNC offices and walk over. Only about three blocks. We'll try to get started at 9:00. Marjorie from the Land Trust will be joining us to take minutes. I will try to have coffee and stuff in the morning and we'll do the sandwich or pizza thing for alternate lunches.

My thought is in the morning of the 10th we'll hear from Jenny and Dave about LCC's. Then Mike Wiedmer and Carol Ann Woody to discuss the results of projects we helped fund last year. Discuss projects to fund for our \$100,000 allocation for 2011. Then get down to work on the material I last sent.

I apologize for a confusing email on Nov. 7. I outlined assignments from our meeting of December of 2009 rather than from last March of 2010.

I've attached material completed by Doug Limpinsel (which he may have sent to many of you.)

If anyone wishes to call in let me know. I can make a conference call available.

See you soon.

Tim
